

The Ivan Pul'uj
Electronic Collection
in ELARTU
Institutional Repository

*There is no greater
honour for an intelligent
man, than to protect their
national honour and to work
faithfully for the good of their
people without reward, to
provide them with the best
fortune*

Ivan Pul'uj

ELARTU
Institutional Repository
<http://elartu.tntu.edu.ua/>

Institutional repository of the Ternopil Ivan Pul'uj National Technical University (Ukraine)

ELARTU institutional repository

(<http://elartu.tntu.edu.ua>) serves as a backbone of the Ternopil national technical university research and education support system. Starting in 2008, all publications authored by the university's staff and students are deposited there.

The server is built upon DSpace FOSS

(<http://www.dspace.org>) with financial support from International Renaissance Foundation.

An institutional repository is an electronic archive for collecting and preserving of, and providing long-term and reliable access to, scientific output of the university, learning objects etc.

Ivan Pul'uj Electronic Collection

Ivan Pul'uj Electronic Collection helps to solve the problem of preserving national cultural heritage in digital form.

Ivan Pul'uj Electronic Collection has been created in 2009 and is aimed at collecting, preserving and studying of research and cultural heritage of the renowned Ukrainian physicist after whom our university has been named.

The collection also includes photographs, video and textual materials popularizing scientific and public activities of Ivan Pul'uj.

The structure of Ivan Pul'uj collection is as follows:

- popular science works;
- articles;
- letters;
- visual materials;
- materials about Ivan Pul'uj.records on a wider scale to as many people as possible are goals which nobody questions.
